Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: The examiner requested authorization for an examiner's amendment deleting the Sequence Listing in view of a printer rush requiring a computer readable form, (CRF). Applicant indicated that a specification deleting the Sequence Listing was already of record. The examiner has since confirmed such an amendment to the Specification, entered 6/20/2006, at p. 2. The examiner stated in the interview that the Office's records would be changed to reflect that a replacement CRF is required in the application.
